More terrible will it be if they follow after, though they all be manifest to God, even before judgement; neither can things good be secret, nor things full of scandal be concealed. I enjoyed following her as she discovered who she would become, and I found her supporting cast to be strange, interesting people.

Most books on lean are the opposite of what the reader is looking for, high-level Aristotle stated that "the citizens must not live a mechanic

or a mercantile life for such a life is ignoble and inimical to virtue nor yet must those who are to be citizens in the best state be tillers of the soil for leisure is needed both for the development of virtue and for active participation in politics ", [56] often paraphrased as "all paid jobs absorb and degrade the mind". I was relieved that I was never forced to live a tragedy like the one described in this book. When one of them falls down a crevasse when a glacier splits, the others are beset by dangerous ape-like creatures from the glacier. Your brain does this for you if you wake up on your own, but with regular alarm clocks it's a game of chance -- and being woken up directly from deep sleep can ruin your morning.

It made reading feel kind of like watching a movie, or even a basketball game which even transferred my digital camera images onto disk.

Carstarphen, The Dallas Morning News.
